Flat Bed Series

Aashapuri Engineering Pvt. Ltd.

DIN EN ISO-9001-2008
Certified Company.

Ashapuri is not merely a engineering industry, but a name which is known for it's "PART TO PERFECTION" concept through a total commitment to quality, reliability, proven performance and service.

A B O U T U S

The technical know-how of any enterprise, based on daily gathered experience through the interaction of theory & practical work throughout the decades. We strongly believe that this is the only reason why we could manage to increase our strength continuously.

Product

We manufacturer all kinds of precision engineering components which are used in machinery.

We use following Raw Material.

- A. Bar stock (M.S, EN, SS, Copper, etc)
- B. Investment casting
- C. Sand casting
- D. Pressure dye casting
- E. Forging
- F. S.G.I. Casting
- G. Pipes

OUR CLIENT INDUSTRIES

Plastic in ejections molding machineries
Gas compressor
Air compressor
Textile compressor
Chemical pump
Fertilizer & chemical plant machineries
Printing machinery
Pump industries

OUR STRENGTH

Continual improvement concept
All business processes with total transparency
Investment in development above strength enhance customer satisfaction through,
A. Quick response time
B. Deliveries
C. Part to perfection conformity

OUR TRUMP CARDS

Partnership spirit within organization
Sophisticated machineries
Proven inspection procedures
Qualified & experienced work force
Authentic flexibility

QUALITY POLICY

We at aashapur engineering private limited, are committed to satisfy our customers by manufacturing and supplying CNC machine, machined components / block & bleed valves understanding their exact requirements as per the agreed despatch schedule.

To achieve this, we shall,

- Adopt continual improvement concept,
- Involve our suppliers & employees at each level,
- Impart need – based training to our work – force, where required.
